

CENTRAL ATLANTIC CONFERENCE

UNITED CHURCH OF CHRIST

Join the Central Atlantic Conference Justice & Witness Action Network

The Justice & Witness Action Network serves as the primary arm for the Conference to carry out its mission and agenda for justice and witness ministries. It is a grassroots advocacy network composed of individual members, clergy and churches across the Conference.

The Network educates and engages members in community organizing, grassroots advocacy, prophetic witness and action, and shaping public policy that advances our vision of securing a just and compassionate world for all. Our work is grounded in Central Atlantic Conference and General Synod resolutions, consonant with historic UCC witness, informed by a biblical understanding of justice, prophetic ministry and action, and a set of guiding principles to define our witness.
